

## Environmental Policy

### STATEMENT OF INTENT

Burgess is involved in high quality commissioning management, commissioning and validation activities and has a vision to be synonymous with professionalism and innovation together with faultless and safe project delivery in every operational area. The company is not involved in manufacture or construction activities.

The Directors recognise that the day to day operations of the organisation can impact both directly and indirectly on the environment. We aim to protect and where possible improve the environment through good management and by adopting best practice whenever possible. We will work to integrate environmental considerations into our business decisions and adopt greener alternatives wherever possible, throughout our operations.

In order to meet the above objectives, we will:

- ➔ Bring this Environmental Policy Statement to the attention of all stakeholders
- ➔ Comply fully with all relevant legal requirements, codes of practice and regulations at International, National and Local levels
- ➔ Understand our compliance obligations and how we fulfil these
- ➔ Identify and manage environmental risk and opportunities arising from our work activities
- ➔ Prevent pollution to land, air and water
- ➔ Provide adequate resources to control environmental risk arising from our work activities
- ➔ Improve the environmental efficiency of our travel by where practicable reduce travel distances to work by selecting staff closest to the location
- ➔ Minimise waste arising from our work activities and increase recycling where practicable.
- ➔ Only engage contractors who are able to demonstrate due regard to the environment

This Environmental Policy will be reviewed at least annually and revised as necessary to reflect changes to the business activities and any changes to legislation. Any changes to the Policy will be brought to the attention of all stakeholders.
